Kapacita (m ³)	0.025 m ³
Výkon	15 HP
Rýchlosť	1.5 KM/H
Motor	Kubota
Pracovný polomer	2890 mm

Popis

The GG900 is a versatile mini excavator with a Kubota 15 HP engine, movable arm, and expandable tracks. Weighing 900 kg, it offers enhanced reach and stability for more demanding excavation tasks. The expandable tracks provide a wider stance for stability on slopes, then retract for narrow passages. A top choice for professional landscapers, utility installers, and contractors who need adaptability across varied job site conditions without a larger machine.
